

# 3<sup>rd</sup> BMEMat-Advanced Materials Joint Symposium

November 6-9 2026

CUHK, Hong Kong SAR

香港中文大學  
The Chinese University of Hong Kong

香港中文大學(深圳)  
The Chinese University of Hong Kong, Shenzhen

***BMEMat*** **ADVANCED MATERIALS WILEY**

## Organizers:

The Chinese University of Hong Kong

The Chinese University of Hong Kong, Shenzhen

Department of Biomedical Engineering, The Chinese University of Hong Kong

Shandong University

BMEMat

Advanced Materials

Wiley

# Conference Program

| Date                        | Time        | Key Session                | Topic                                                                                           |
|-----------------------------|-------------|----------------------------|-------------------------------------------------------------------------------------------------|
| <b>November 6 Afternoon</b> | 14:00–18:00 | Registration               |                                                                                                 |
| <b>November 6 Evening</b>   | 19:00–21:30 | Banquet                    |                                                                                                 |
|                             |             |                            |                                                                                                 |
| <b>November 7 Morning</b>   | 8:00–9:00   | Registration               |                                                                                                 |
|                             | 9:00–9:20   | Opening Ceremony           |                                                                                                 |
|                             | 9:20–10:05  | Plenary talk               |                                                                                                 |
|                             | 10:05–10:50 | Plenary talk               |                                                                                                 |
|                             | 10:50–11:20 | Group photo & Coffee break |                                                                                                 |
|                             | 11:20–12:05 | Plenary talk               |                                                                                                 |
|                             | 12:05–12:50 | Plenary talk               |                                                                                                 |
|                             | 12:50–14:30 | Lunch                      |                                                                                                 |
| <b>November 7 Afternoon</b> | 14:30–18:10 | Parallel Session I         | Drug Delivery & Theranostics                                                                    |
|                             | 14:30–18:10 | Parallel Session II        | Smart Biomaterials & Microbots                                                                  |
|                             | 14:30–18:10 | Parallel Session III       | Cancer Diagnostics & Therapy                                                                    |
|                             | 14:30–18:10 | Parallel Session IV        | Bioprinting & Regenerative Medicine                                                             |
|                             | 14:30–18:10 | Parallel Session V         | <i>Editor Panel — Live discussion with leading journal editors (AM &amp; Nature series)</i>     |
|                             | 14:30–18:10 | Parallel Session VI-X      | <i>Internationalization — Dedicated sessions for global participants and specific countries</i> |
|                             |             |                            |                                                                                                 |
| <b>November 8 Morning</b>   | 9:00–9:45   | Plenary talk               |                                                                                                 |
|                             | 9:45–10:30  | Plenary talk               |                                                                                                 |
|                             | 10:30–11:00 | Coffee break               |                                                                                                 |
|                             | 11:00–11:45 | Plenary talk               |                                                                                                 |
|                             | 11:45–12:30 | Plenary talk               |                                                                                                 |
|                             | 12:30–14:00 | Lunch                      |                                                                                                 |
| <b>November 8 Afternoon</b> | 14:00–17:40 | Parallel Session I         | Wearable and Flexible Bioelectronics                                                            |
|                             | 14:00–17:40 | Parallel Session II        | Biosensors & Bioimaging                                                                         |
|                             | 14:00–17:40 | Parallel Session III       | AI-Driven Biomaterial Design                                                                    |
|                             | 14:00–17:40 | Parallel Session IV        | Antimicrobials & Vaccines                                                                       |
|                             | 14:00–17:40 | Parallel Session V         | <i>Funding Insights — NSFC application strategies, including HK-Mainland Joint Schemes</i>      |
|                             | 14:00–17:40 | Parallel Session VI        | <i>New Opportunities — Spotlight on the New Cornerstone Investigator Program</i>                |
|                             |             |                            |                                                                                                 |
| <b>November 9 Morning</b>   | 9:00–9:45   | Plenary talk               |                                                                                                 |
|                             | 9:45–10:30  | Plenary talk               |                                                                                                 |
|                             | 10:30–11:00 | Coffee break               |                                                                                                 |
|                             | 11:00–11:45 | Plenary talk               |                                                                                                 |
|                             | 11:45–12:30 | Plenary talk               |                                                                                                 |
|                             | 12:30–14:00 | Lunch                      |                                                                                                 |
| <b>November 9 Afternoon</b> | 14:00–17:40 | Parallel Session I         | Phage Therapy & Synthetic Biology                                                               |
|                             | 14:00–17:40 | Parallel Session II        | Emerging & Cross-Disciplinary Frontiers                                                         |
|                             | 14:00–17:40 | Parallel Session III       | <i>Academic Foresight — Expert perspectives from China and overseas</i>                         |
|                             | 17:00–17:40 | Parallel Session IV        | Award and Closing Ceremony                                                                      |

# Conference Location

## Conference Venue

### Cheng Yu Tung Building, CUHK

Address: 12 Chak Cheung Street  
Sha Tin, New Territories  
Hong Kong

## Accommodation

### Hotel 1:

#### Hyatt Regency Hong Kong, Sha Tin

Telephone: +852 3723 1234  
Distance from CUHK: 0.29 Km

### Hotel 2:

#### Courtyard Hong Kong Sha Tin

Telephone: +852 39-40 8888  
Distance from CUHK: 5 Km

### Hotel 3:

#### Alva Hotel by Royal

Telephone: +852 3653 1111  
Distance from CUHK: 5.5 Km

### Hotel 4:

#### Regal Riverside Hotel

Telephone: +852 2649 7878  
Distance from CUHK: 6.3 Km

## Travel Visa

Please contact your nearest China embassy or consulate in your country to see if you require a visa to enter China and to check your specific entry requirements.
